Continuation of Substance of Interview including description of the general nature of what was discussed: Contacted Mr. Stahl (applicant's representative) to get approval for minor change to the specification and claims 4 and 5 on about 10/25/05. Mr. Stahl approved such changes during the telephone call. In particular, "has" in claims 4 and 5 was changed to -- have --. Also, clarification was made to the specification as to the driving portion set forth in claim 1. Called Mr. Stahl again on 10/31/05 to get approval to change occurrences of "the sheet" to -- the sheets -- in claim 8 for consistency in the claim language. Also pointed out that the change to the specification at page 6, line 26 to page 7, line 14 in applicant's April 28, 2005 amendment will not be entered, because the text that applicant wanted to change does not match up with the text in the specification at this location. On the other hand, it was agreed to make the same change at the proper location in the specification by examiner's amendment (copy attached). Mr. Stahl approved such changes on 10/31/05. The changes were discussed with a primary examiner or an SPE.
